PPW-21

Aircraft Exterior Cleaner

PURPOSE

Crest PPW-21 is a heavy duty, non-flammable, solvent type, liquid cleaner formulated to clean aircraft exteriors (and dry cleaning of interior hard surfaces). Crest PPW-21 removes dirt, grease, grime, light carbon, and exhaust stains from painted or unpainted aircraft surfaces. It is free rinsing and will not streak or craze plexiglass when used as directed.

Crest PPW-21 is a solvent based cleaner that can be applied by mop, spray, sponge, brush, or foam generator. It is a pleasant product to use, thanks to the incredible strength of Crest PPW-21 solvent cleaning action.

SPECIFICATION

Crest PPW-21 meets or exceeds MIL-C-43616C Class 1. PPW-21 Aerosol meets MIL-C-43616C Class II.

DIRECTIONS

Apply with spray equipment, barrel pump, manually, or with a foam generator. Allow Crest PPW-21 to remain on the surface for 5-10 minutes, agitate with a brush or mop and rinse off with a large amount of water (aerosol or foam application requires only a damp mopping to remove soil and cleaner). Do not allow cleaner to dry completely as it complicates soil removal. Flashpoint is 178F.

CORROSION

Non-corrosive to aluminum, magnesium, cadmium, anodized surfaces and ferrous alloys. Will not cause embrittlement of high strength steel, will not craze periglass, or attack asphalt.

DILUTION

Maximum concentration for cleaning (extreme cases)	1:4
Commercial aircraft cleaning	1:8
Normal cleaning of private craft (hand cleaning)	1:10
Light duty & interior cleaning (sponge & wipe dry)	1:16

WARRANTY AND LIABILITY DISCLAIMER

The above information and recommendations concerning this product are based upon our laboratory tests and field use experience; however, since conditions of actual use are beyond our control, any recommendations, or suggestions, are made without warranty, expressed or implied. Manufacturer's and seller's sole obligation shall be to replace that portion of the product shown to be defective. Neither shall be liable for any loss, damage or injury, direct or consequential, arising out of the use of this product.
